Get To Know TOSI University Professor Guild

Embark on a transformative journey with the TOSI Professor Guild Program, an unparalleled initiative designed to craft visionary leaders in the realm of Body Altering Education.

At TOSI University, we believe in fostering excellence through education that transcends boundaries and redefines paradigms. The Professor Guild Program stands as a testament to this commitment, offering a unique opportunity for aspiring educators to hone their skills, elevate their perspectives, and emerge as catalysts of innovation in academia.

Throughout this immersive 2-month preparation, individuals undergo a comprehensive curriculum curated by esteemed mentors and experts in Body Altering Aesthetics. The Professors Guild program surpasses the ordinary, shaping individuals into unbiased, forward-thinking leaders primed to revolutionize the landscape of education at TOSI University.

The journey doesn't stop with mere instruction; it's a holistic experience that amalgamates theoretical wisdom with practical application— Professor Guild graduates not only attain a Master's in Education from the Amber Turner Business Academy, but are also granted the coveted privilege of joining TOSI University's esteemed faculty.

But here's where the true essence of our commitment shines through: graduation from the program is intertwined with a dedication to hands-on teaching. To complete the program, aspiring professors are entrusted with imparting their knowledge for a semester in either the Alumni Accelerated Degree Program or a FlagShip Semester. This hands-on approach ensures a well-rounded education that blends theoretical mastery with real-world application.

Join us in shaping the future of education, where each graduate emerges not just as a professor but as an advocate for change, equipped to ignite the minds of the next generation. At TOSI University, the Professor Guild Program isn't just about education; it's about crafting pioneers who inspire, challenge, and lead. Become a part of our legacy of academic excellence, where innovation meets education, and dreams find their wings to soar.

Professor Guild Departments of Study & Schedules

Objective: Train next wave of TOSI teachers, trainers, researchers, writers, & professors

To be able to train the future minds, Professor Guild applicants will first train, shape, mold their own to the TOSI way.

If your application is chosen, you'll dive into an immersive virtual 8-week training program crafted with detail to equip you with the skills and expertise needed to educate aspiring minds. Your focus? Teaching the intricate and captivating realm of Body Biomechanics Science and Technology at the undergraduate level to our eager TOSI University college students.

Professor Guild Departments offered at TOSI University for the 2024-25 school year

- TOSI Externship Bio-Mentor
- TOSI Lab Trainer
- TOSI CORE/University Professor

Professor Guild Departments

TOSI Externship Bio-Mentor:

(Spring Semester) March 6- May 22, 2024

The TOSI Externship Bio-Mentor certification, offered from the Amber Turner Business Academy and TOSI Care, is an immersive program designed for TOSI University alumni to guide + mentor undergraduate students pursuing their Bioengineering Externship requirements. As a TOSI Externship Bio-Mentor, participants coordinate, host, and supervise undergraduates, overseeing these students as they engage in practical learning experiences with local clients and surgeons within CSL Therapy's Bridge Program. This certified business diploma empowers mentors with the skills and knowledge essential to provide guidance, support, and supervision to budding TOSI body bioengineers, facilitating a transformative learning environment that fosters hands-on skill development, professional growth, and practical application of bioengineering principles within real-world settings. Graduates of this program emerge equipped with the expertise and mentorship capabilities necessary to facilitate impactful experiences for undergraduate students within the realm of bioengineering at CSL Therapy's Bridge Program.

Upon completion of your program, graduates will be able to host TOSI University Alumni students for a paid externship in all 3 Body Altering Aesthetics Modalities; Externships are 3-6 sessions with a current TOSI University enrolled student (sessions may also be done virtually if enrolled student is out of state; must have proper streaming equipment).

TOSI Lab Trainer

*(Summer Semester) June 3- August 19, 2024
(Autumn Semester) September 16- December 2, 2024*

“Clinical labs” at TOSI University provide facilities within the academic institution affiliation where Science & Technology students engage in hands-on learning experiences after completing their didactic lecture for their chosen Educational Track. These labs are designed to simulate real-world clinical settings and provide students with practical training, experimentation, and skill development. In these labs, students will perform treatments, project hypotheses with case studies, conduct research, practice clinical bioengineering techniques, & analyze various trauma remodeling applications under the supervision of experienced certified professors.

The Certified Business Diploma for TOSI Lab Trainers is a specialized program that certifies educators to facilitate and instruct at TOSI University Clinical Labs in the confines of their established facilities. This comprehensive diploma equips participants with the necessary expertise and instructional techniques to effectively guide students through practical hands-on experiences in clinical settings. Through a curated curriculum, trainers gain in-depth knowledge and proficiency in creating immersive and impactful learning environments within these labs. The program focuses on honing educators' skills in supervising lab activities, fostering an engaging and conducive atmosphere for learning, and ensuring students' understanding and proficiency in protocol building, performing clinical sessions, and analyzing bioengineered responses. Graduates of this diploma emerge as qualified TOSI Lab Trainers, prepared to deliver high-quality and immersive educational experiences within clinical lab settings at TOSI University.

The 12 week program is conducted virtually and in person with current TOSI Lab Trainers who will guide you through perfecting how to host a TOSI Lab. After receiving your TLT Certificate, you will receive an Advanced Scholastic Trainers license with CSL Therapy good for 2yrs before renewal to teach any accredited courses in the Body Altering Aesthetics industry.

Upon completion of the program, graduates will be able to host micro-satellite TOSI Labs for anywhere from 2-8 TOSI Lab students and/or alumni. Schedules do not have to be preapproved; TLTs just have to follow along CSL Therapy AST Licensing criteria with assessments and evaluations. TLTs will also be required to attend quarterly TLT meetings.

TOSI CORE/University Professor

*(Spring Semester) April 3- May 23, 2024
(Autumn Semester) July 3- August 22, 2024*

The TOSI CORE/University Professor Certified Business Diploma signifies the achievement and mastery of registrants in completing requisite coursework for instructing CSL Therapy Accredited CORE courses within the body altering aesthetics industry or TOSI University Undergraduate Science and Technology programs. This diploma not only acknowledges the

comprehensive understanding of the core principles and practices in the field of body altering aesthetics but also encompasses foundational bioengineering classes essential for students pursuing their degrees at TOSI University. Graduates of this program demonstrate the expertise and competence required to guide students through essential CORE/University courses, ensuring a high standard of education and practical knowledge in this specialized domain. Moreover, this degree highlights the proficiency of registrants in delivering bioengineering fundamentals, laying a robust groundwork for aspiring students pursuing their academic journey at TOSI University.

This 8 week program will prepare you to adequately proctor TOSI CORE or University courses. After receiving your Professor Diploma, you will receive an Advanced Scholastic Trainers license with CSL Therapy good for 2yrs before renewal to teach any accredited courses in the Body Altering Aesthetics industry.

University Professor Opportunities:

- TOSI Incisional Instructor
- TOSI POI Instructor
- TOSI Body Contouring Instructor

TOSI Core Opportunities vary, but are displayed in the [Academic Section](#) of TOSI University, reflecting CEUs and TOSI Workshops.

Upon completion of the program, graduates will be offered employment positions to teach CORE & University courses at TOSI University. Core Courses may be taught online, in-person, or hybrid format courses. Core Courses may be taught at any time by graduates-- with approval of TOSI University. Flagship Student University courses are taught on a fixed schedule* during the regular Spring & Autumn Semesters.

* There is a one time Alumni Accelerated Undergraduate Degree Program from September 2 2024- December 23, 2024

Professor Guild Applicants must apply to their chosen program 60 days before the start of the class. Should an applicant miss the upcoming deadline, their application will be reviewed and processed for the following course dates.

Schedules are as follows:

TOSI Externship Bio-Mentor:

*(Spring Semester) March 6- May 22, 2024
Additional Dates to Be Determined*

TOSI Lab Trainer:

*(Summer Semester) June 3- August 19, 2024
(Autumn Semester) September 16- December 2, 2024*

TOSI CORE/University Professor:

*(Spring Semester) April 3- May 23, 2024
(Autumn Semester) July 3- August 22, 2024*

Benefits

This isn't just about teaching; it's about becoming an integral part of our academic legacy. As a Guild member, you'll play a commanding role in shaping the next generation of scholars and practitioners within our dynamic academic programs.

Academic Prestige: As a TOSI University Professor, you join the ranks of esteemed educators within a renowned institution known for its commitment to academic excellence and innovation in Body Altering Education.

Career Advancement: This role offers a pathway for career growth and professional development. It provides a platform to contribute significantly to the field of education and carve out a distinguished career trajectory.

Holistic Development: The role of a TOSI University Professor involves not just teaching but also engaging in research, mentorship, and contributing to the academic community. This multifaceted engagement supports personal and professional growth.

Resource Access: Professors have access to extensive resources, including academic journals, collaborative opportunities, & exclusive professional networks. This access further enriches teaching methodologies and research pursuits.

Community Engagement: TOSI University encourages professors to engage with the broader academic community, participate in conferences, workshops, and seminars, fostering connections and sharing expertise on a larger platform.

Continued Learning: Being a part of TOSI University means continuous exposure to new ideas, technologies, and concepts in education. Professors have opportunities for ongoing learning and their own skill development.

Compensation and Benefits: Alongside the intellectual and academic rewards, TOSI University Professors receive compensation packages with the option of benefits, future school stock options, retirement plans, and other incentives.

Costs & Investments

Picture yourself at the forefront of knowledge dissemination, inspiring and empowering students within a field that is constantly evolving. This opportunity allows you to make a lasting impact within our vibrant academic community.

To launch this opportunity, each Professor Guild Department investment is as follows:

Costs

Application Fee	\$65
Externship Bio-Mentor	\$999
TOSI Lab Trainer	\$999
CORE/University Professor	\$999

Program Lengths

2 months

Compensation

Upon completion, Professor Guild applicants will be given the opportunity to teach at TOSI University, and select from/be assigned a schedule of classes that they are interested in teaching. These courses are approved based on request first, and then need. Professor payroll and compensation packages are discussed individually upon completion of the program; however, pay is course respective (each course taught has its own assigned teachers compensation fee).

Commitment

Acceptance of an opportunity yields a Professor position for at least ONE semester. At the end of each semester, Professors will be reviewed; upon receiving successful review scores, Professors will be extended the opportunity to continue with TOSI University.

Professor Teaching Schedules (Post Guild)

Imagine being part of an esteemed cohort, the Professor Guild, where selected applicants will unlock an educational license designed to impart the art of teaching within TOSI University's prestigious programs. This unparalleled opportunity is a chance to shape the minds of future [allied] healthcare professionals.

Post Guild Teaching Schedules are dictated by the courses Professors are teaching.

Alumni Accelerator Schedules

Professors will meet with students virtually ONE time per week for 16 weeks for 60-90 min to go over course material, concepts, assignments, and answer any questions or concerns.

FlagShip School Schedules

Professors will meet with students virtually ONE time per week for 16 weeks for 2 hours to go over course material, concepts, assignments, and answer any questions or concerns.

Additional Post-Guild Directives

Professors will pick their own Office Hours.

Forum discussions are held throughout the week. Professors are expected to monitor their student participation, checking in and grading "discussion attendance".

Grades are to be updated monthly, reflecting course assignments that have been submitted, quizzes, course exams, and Form participation.

Meetings

Professors will also be required to attend quarterly meetings.

Reviews: Conducted at the end of each Semester; Students will complete courses assessments about Professors at the end of each program.
